Research support will be considered for work still to be done, not work already completed.

1. Provide a brief statement of research needs, and an itemized budget for direct research costs only with a brief explanation (justification):

2. Funding amounts typically range from $300 - $1300. List all extramural funding sources applied for, and amounts pending and/or received. Examples include: GSS, AEG, SGE, NSF, GSA, ODNR, crowd sourcing, etc.

   Funding is not available for attending conferences or for publication costs.
