We would like to extend an extra special thanks to the many band directors that graciously allowed us the opportunity to work with their students.

Nicole Piunno is a composer who views music as a vehicle for seeing and experiencing the realities of life. Her music reflects the paradoxes in life and how these seemingly opposites are connected as they often weave together. Her harmonic language and use of counterpoint mirror the complexity of our world by acknowledging the light and dark, past and present, beauty and brokenness, confinement and freedom, chaos and order, spiritual and physical, life and death.

Piunno holds a Doctor of Musical Arts degree in composition and a Master of Music degree in theory pedagogy from Michigan State University. Her composition teacher was Ricardo Lorenz. She earned a Master of Music degree in composition at Central Michigan University, studying with David Gillingham. Nicole earned a Bachelor of Music degree in Music Education, and her emphasis was on instrumental music.

Piunno is a frequent guest at universities and festivals in the United States. Her works for wind ensemble have been performed by ensembles around the world, including “The President’s Own” United States Marine Band, the United States Coast Guard Band, and the United States Air Force Band of the West. Her large ensemble music has also been featured at multiple regional CBDNA conferences, TMEA, the Midwest Clinic, and numerous all-state concerts and state conferences.

Her chamber music has been performed around the world and showcased at conferences such as the Percussive Arts Society International Convention, the International Trumpet Guild Conference, the International Trombone Festival, and the International Tuba and Euphonium Conference.

Her works are represented on many commercially released recordings that can be found on Naxos, DAG Klassical, Mark Records, and others.
