Master's Project Presentation Approval Form

Name (first/middle/last): _____ ID: _____

Mailing Address: _____

Telephone: _____ Email: _____

Semester admitted to Master's program: _____ Semester Master's Seminar is taken: _____

Advisor: _____

Candidates for the Master of Science (non-thesis option) degree, to fulfill the degree requirement, must make a public presentation of a project work. The presentation must take place either in Master's Seminar, or in a graduate course requiring project presentations, or outside any course. In the latter case, the presentation is made to a Master's Project examination committee that includes the advisor and at least one other graduate faculty member. If the presentation is made in the Master's Seminar, Master's Seminar Presentation Form must be filled out and submitted to CS Graduate Office. In all other cases, this form needs to be filled out and submitted to CS Graduate Office.

Master's Project Presentation Date: _____

A title and abstract of the presentation **must** be attached

Course title and Instructor's name (if the presentation is made in a graduate level course):

Course title
