CALL TO ORDER

Chair Riley called the meeting to order at 8:45 a.m. Vice President and University Secretary Charlene Reed called the roll, and a quorum was present.

PROOF OF NOTICE

Chair Riley announced that public notification of the meeting was given pursuant to Ohio law and university policy.

EXECUTIVE SESSION

In accordance with Chapter 121.22, section G of the Ohio Revised Code, the Board has a need to meet in Executive Session for the purposes of: (i) considering the employment and compensation of a public employee or official [121.22(G)(1)]; (iii) conference with attorney for the public body concerning disputes involving the public body that are the subject of court action [121.22 (G)(3)]; and (iv) preparing for, conducting, or reviewing negotiations or bargaining sessions with public employees concerning their compensation or other terms and conditions of their employment [121.22 (G)(4)].
Trustee Mason moved, seconded by Trustee Bobst, that the Board retire into Executive Session. Vice President Reed took a roll call vote of the membership. By virtue of a unanimous roll call vote, the Board adjourned into Executive Session at 8:46 a.m. The session concluded at 10:10 a.m.

**BOARD BUSINESS MEETING**

By approval of a motion duly made and seconded, the Board returned to public session for the business meeting at 10:15 a.m.

**APPROVAL OF AGENDA**

Chair Riley announced that the first item of business was approval of the agenda. He stated that there was one addition to the agenda, the approval of a proposed Memorandum of Understanding with the Tenure Track Bargaining Unit of the American Association of University Professors, Kent State Chapter. The resolution would be presented as the first item of new business. Chair Riley then asked whether there were any other additions or corrections to the agenda. Hearing none, the agenda was adopted by general consent.

**APPROVAL OF THE MINUTES**

Next, Chair Riley presented approval of the minutes from the March 9, 2023, business meeting. Hearing no additions or corrections, the minutes were added to the consent agenda.

**REPORT OF THE CHAIR**

Chair Riley said he was pleased to be on the university’s Front Campus, which he hadn’t visited for nearly 40 years and reflected upon the beautiful setting. He shared that after the business meeting concluded, trustees would go outside for the placement of the final steel beam of Crawford Hall. He encouraged everyone present to attend. Chair Riley noted that while Ambassador Edward Crawford was not able to join that day, he did sign a beam at an earlier event for donors and members of the Ambassador Crawford College of Business and Entrepreneurship. The topping-out ceremony is yet another milestone on the path to the on-time completion of the building for the Fall 2024 school session, he observed.

Chair Riley noted, for the record, the Board’s appreciation for Pete Holway, who recently completed his two-year term as chair of the Foundation Board of Directors. Trustees are grateful for his leadership throughout this record-setting time of fundraising at Kent State, and they look forward to hosting new Foundation Board Chair Michelle Thomas at an upcoming meeting, he said.

Finally, he encouraged trustees to attend the Kent State Summer Commencement exercises on Saturday, August 19, at 10:00 a.m. and 2:00 p.m. on Manchester Field. He additionally thanked those trustees who were able to share the celebrations with graduates and their families at the May 2023 ceremonies.
Chair Riley then turned to President Diacon to present his report.

**REPORT OF THE PRESIDENT**

President Diacon thanked Chair Riley. He observed that Kent State is deeply committed to being a students-first university and an institution of access not just for the fortunate few, but for the meritorious many. He said the board and administration benefit greatly from listening to the university’s two student trustees and he thanked trustees Crews and Dees for always representing that student voice very well. In this spirit, he felt that his report would best be delivered through the student voice. He shared video of a May 2023 Commencement address delivered by graduate Eric Gomez, which he felt captured all the things a president would want to express about student success. He noted that Mr. Gomez earned his degree in political science, participated in the university’s Washington Program in National Issues (WPNI), and soon would be working full time in the Washington, D.C. office of U.S. Senator Sherrod Brown.

After the video played, President Diacon shared that when Eric Gomez crossed the stage he was crying and gave the president a hug. He encouraged trustees to attend a commencement, which is literally the best day of the year. Eric Gomez embodies Kent State’s students-first, changing lives, access, and degree completion commitments better than any presidential remarks, he said.

President Diacon then presented a photo of two Kent State student-athletes at the May graduation and asked Vice President and Director of Athletics Randale Richmond to speak about them. Vice President Richmond spoke of Sincere Carry and Malik Jacobs, two leaders of the Kent State MAC Championship men's basketball team who had left an amazing legacy at KSU.

President Diacon said in Columbus there was growing doubt about the value provided by public four-year universities in Ohio. He also encountered an associated opinion that four-year college students were pampered and maybe even spoiled or out of touch. That was usually followed up with an observation that university leaders such as himself and professors were equally out of touch. President Diacon said he had been thinking a lot about these things because of the cognitive dissonance when he saw Eric Gomez, when he saw Sincere Carry and Malik Jacobs, we know what difference we make in the lives of people, and then hear something very different in Columbus. This got him to thinking about how he would articulate those feelings in a commencement address. With that, he played his own Commencement address from May 2023.

After the video played, President Diacon thanked the Board members for attending commencement. He then shared a final slide of Associate Chief of Staff Lashonda Taylor receiving her Ed.D. degree at the May 2023 Commencement. Dr. Taylor wrote an excellent dissertation on succession planning and how new presidents select members of their leadership teams. He congratulated Dr. Taylor and concluded his presentation.

**PERSONNEL ACTIONS**

Chair Riley asked President Diacon to present the personnel actions. President Diacon called on Interim Vice President for Human Resources Tiffany Murray. She reported that the non-
academic personnel actions were routine in nature. He then turned to Melody Tankersley, Senior Vice President and Provost, for the academic personnel actions. She noted four recommendations for emeritus status among the highlights of the report.

Chair Riley asked if there were any questions or objections. Hearing none, the personnel actions were added to the consent agenda by general consent.

**COMMITTEE REPORTS**

Chair Riley then proceeded with reports and recommendations by the committees. He thanked trustees for giving their time for standing committee meetings held electronically the previous week and to the Finance and Administration Committee for appearing early that morning for a second meeting.

He stated that committee recommendations would be placed on the consent agenda and acted upon in one motion unless any trustee wished to remove an item for further discussion. At the end of each committee report, he would ask if any trustee wished to remove an item from the consent agenda for further discussion and if there were no objections, the resolutions would be added to the consent agenda by general consent, he said.

**EXTERNAL RELATIONS AND PHILANTHROPY COMMITTEE**

First, Chair Riley called on committee chair Trustee Pamela Bobst to present the report of the External Relations and Philanthropy Committee. Trustee Bobst stated that the External Relations and Philanthropy Committee met on June 20, 2023, and reviewed two naming action recommendations and three informational reports.

*NAMING OF THE PEPSI LEADERSHIP CENTER*

The committee recommended board approval of the naming of the Pepsi Leadership Center. Since 2011, PepsiCo Beverages of North America has contracted with Kent State as its official pouring vendor for beverage services. The company has pledged an additional $250,000 in endowed support to the university's Leadership Center, part of Kent State Center for Student Involvement, which offers programming to help students develop their leadership identity, capacity, and efficacy, as well as provide a space to study, meet and attend events. In recognition of the company's support, it was recommended that the physical space be named the Pepsi Leadership Center, she said. Carl Kazmierczak, a representative of PepsiCo Beverages of North America, joined the committee meeting and emphasized how happy the company was with its partnership with Kent State University, sharing how much he and his colleagues looked forward to continuing to advance student experiences outside the classroom, noted Trustee Bobst.
Resolution 2023-36

NAMING OF MAJ RAGAIN POETRY PARK

Trustee Bobst then presented the second recommended management decision item – the proposed naming of the Maj Ragain Poetry Park. Major “Maj” Daniel Ragain was a beloved creative writing professor and a mentor at Kent State from 1969 until his last class in 2016. He earned his Ph.D. in literature from Kent State in 1990, was a pillar of the local poetry community, and received the Outstanding Term Teaching Award in English in 2003. Dr. Ragain also led a weekly veterans’ healing circle through the Wick Poetry Center. This group enabled veterans to connect with each other and heal through their participation in the arts. He also hosted open poetry readings in Kent for more than 30 years. In honor of Dr. Ragain, the Ragain Charitable Fund and Sean Ragain pledged $100,000 to support the Wick Poetry Center’s Traveling Stanzas program, announced Trustee Bobst.
Resolution 2023-37

NAMING OF MAJ RAGAIN POETRY PARK

WHEREAS, the Ragain Charitable Fund and Sean Ragain recognize Kent State University’s Wick Poetry Center as a national and regional leader in public arts engagement and excellence; and

WHEREAS, Major “Maj” Daniel Ragain graduated from Kent State University in 1990 with a Doctor of Philosophy in English; and

WHEREAS, Maj Ragain served as a beloved faculty member at Kent State University from 1969 until 2016, during which time he was recognized with the Outstanding Term Teaching Award in English; and

WHEREAS, he made a lasting impact upon the lives of his students and mentees; and

WHEREAS, Maj Ragain’s weekly veterans’ healing circle helped veterans connect with each other and heal through participation in the arts; and

WHEREAS, Maj Ragain hosted open poetry readings for 30 years, helping foster a community of arts and letters that spanned the university and city of Kent; and

WHEREAS, through this proposed naming action, the university wishes to recognize the generosity of the Ragain Charitable Fund and Sean Ragain in providing new gifts totaling $100,000 to benefit the Wick Poetry Center; now, therefore,

BE IT RESOLVED, that the Board of Trustees, on behalf of Kent State University’s Wick Poetry Center and the current and future students and community members who will benefit from the center’s programming, expresses sincere appreciation to the Ragain Charitable Fund and Sean Ragain for their generosity; and

BE IT FURTHER RESOLVED, that the Kent State University Board of Trustees, in accordance with university policy, hereby names the park outside of the Wick Poetry Center as Maj Ragain Poetry Park.

She noted that both naming actions were consistent with university naming policies and recommended for approval as a part of the consent agenda.

Next, Trustee Bobst said the committee was informed of one naming action under $100,000 approved by President Diacon. The Republic Airways Briefing Room in the FedEx Aeronautics Academic Center recognized a $15,000 gift from Republic Airways. The briefing room will be named for a period of 10 years.
The committee also received a fundraising and campaign update from Vice President Valoree Vargo. As of June 20, 2023, the university raised $30.5 million surpassing its goal of $30 million for fiscal year 2023. As of that time, giving to the Forever Brighter campaign stood at $358.3 million, surpassing the goal of $350 million. This attainment included $144.5 million raised in direct support of student success. Trustee Bobst said she extended thanks to Vice President Vargo and her team for their ongoing efforts and support of our students and university. She reported that the committee also learned of the 10th birthday celebration of the Kent State University Hotel and Conference Center. The hotel has played a critical role in the revitalization of downtown Kent, she said, adding that renovations to the interior of the building would soon be under way. She further noted that the committee was informed of recent and upcoming events for donors and alumni that were well attended and well received.

Trustee Bobst concluded with highlights from a legislative update by Executive Director for Government and Community Relations Nick Gattozzi. As of that time, the State of Ohio budget proposals for fiscal years 24 and 25 were in conference committee. Among issues of note to be determined were passages from Senate Bill 83, which included reducing state university trustee terms from nine to six years; proposed clinical and Medical I funding for the Kent State University College of Podiatric Medicine; and continuing support for the university’s Columbus and Washington programs, the statewide rural university program in which Kent State participates, and the Rising Scholars Program.

With that Trustee Bobst concluded her report of the External Relations and Philanthropy Committee.

Chair Riley noted that he was unable to vote on the proposed naming of the Pepsi Leadership Center and asked that the Board of Trustees vote on that item separately. He asked for a motion to approve the naming of the Pepsi Leadership Center.

**ACTION: Trustee Bobst moved, seconded by Trustee Mason, that the motion be approved.**
**There were no objections. The motion passed, with Trustee Riley abstaining.**

By general consent, the proposed naming of the Maj Ragain Poetry Park was placed on the consent agenda for approval.

**ACADEMIC AFFAIRS AND STUDENT SUCCESS COMMITTEE**

Next, Chair Riley called on committee chair Trustee Robert Frost to provide the report of the Academic Excellence and Student Success Committee.

Trustee Frost reported that the Academic Excellence and Student Success Committee met on June 22, 2023. He said that the committee meeting began with an update from Provost Melody Tankersley on the situation at the Paris American Academy, which was struck by a suspected gas explosion the prior day. She noted that the explosion destroyed the building and severely injured academy president Peter Carmen, faculty, and staff members present at that time. Thankfully, university officials in Kent were quickly able to make contact with all Kent State students who
were attending events off campus that day for Paris Fashion Week. Trustee Frost thanked her for that update and for her work confirming the safety of all Kent State students and ensuring that they had accommodations and the ability to return home and to complete their course work. He offered the Board’s heartfelt prayers for the faculty member who perished in the explosion; members of the leadership, faculty and staff who were in critical condition or undergoing treatment; and to all those affected by the blast.

He then reported that the committee considered four action items presented by Provost Tankersley, all of which were recommended for inclusion on the consent agenda. The academic personnel actions have already been recommended for inclusion on the consent agenda, he said.

ESTABLISHMENT OF THE CENTER FOR ADVANCED AIR MOBILITY

Trustees Frost presented the proposed establishment of the Center for Advanced Air Mobility within the College of Aeronautics and Engineering. The proposed center would be for research, education and collaboration between Kent State faculty, staff and students and external partners in government and industry. Advanced air mobility is the incorporation of autonomous aircraft into the national airspace with the aim to provide efficient and sustainable air transportation solutions, he noted.

**ESTABLISHMENT OF THE PRE-LAW CENTER**

Trustee Frost then presented the establishment of the Pre-Law Center within the College of Arts and Sciences, which would facilitate pre-law advising, research, and co-curricular activities. The proposed center would provide strategic direction for several pre-law activities across the university, he said.

MERGING OF THE CENTER FOR DISABILITY STUDIES AND THE CENTER FOR INNOVATION IN TRANSITION AND EMPLOYMENT TO ESTABLISH A CENTER FOR DISABILITY INCLUSION

Next, he presented the merging of the Center for Disability Studies and the Center for Innovation and Transition and Employment to establish the Center for Disability Inclusion. The College of Education Health and Human Services proposed the merging of these centers into one interdisciplinary center that would enhance collaboration and increase extramural funding opportunities, said Trustee Frost.

**ESTABLISHMENT OF THE GENDER AND SEXUALITY STUDIES MAJOR WITHIN THE BACHELOR OF ARTS DEGREE**

Trustee Frost reported the recommended establishment of the Gender and Sexuality Studies major within the Bachelor of Arts Degree within the College of Arts and Sciences. The School of Multidisciplinary Social Sciences and Humanities sought to enhance the university’s existing programming by growing its intellectual commitment to education and scholarship in the studies of ethnicity, cultural minorities, genders, and groups through a multidisciplinary approach.

**Resolution 2023-41**

BE IT RESOLVED, that the Kent State University Board of Trustees hereby approves the establishment of the Gender and Sexuality Studies major within the Bachelor of Arts degree, effective Fall 2023, pending approval of the Ohio Department of Higher Education.

Trustee Frost stated that it was the recommendation of the Academic Excellence and Student Success Committee that the management decision items be placed on the consent agenda.
He then moved to present an information item, the establishment of Administrative Policy 3342-3-01-14 Regarding Accommodations for Student Religious and Spiritual Beliefs and the revision of Administrative Policy 3342-3-01-2 Regarding Class Attendance and Class Absence. These policy changes would put Kent State in compliance with the newly established House Bill 353, which required that students be reasonably accommodated in regard to academic requirements including exams and academic absences for sincerely held religious beliefs and practices.

He further shared that Senior Associate Provost and Dean of Graduate College Manfred van Dulmen and Dean of the Honors College Alison Smith provided the committee with a report on the work of the Division of Academic Affairs in re-envisioning the Kent Core. An assessment of the existing Kent Core, which is the name of the university's general education requirements for undergraduates, was underway this past year. This effort was expected to lead to the implementation of a new Kent Core during the 2024-2025 academic year, he noted.

Trustee Frost reported that Vice President for Enrollment Management Sean Broghammer had presented an update on Fall 2023 enrollment, financial-aid scholarships, and national issues. He reported a record number of first-year student applications and admits as of that time, and a year-to-date increase in graduate student registration for Fall 2023. Dr. Broghammer also noted a 31% increase in institutional aid supporting students with the greatest financial need who enroll through the university’s Flashes Go Further Program, he said.

This concluded Trustee Frost’s report for the Academic Excellence and Student Success Committee.

Chair Riley thanked Trustee Frost and asked whether any trustee wished to remove any of the four management decision items from the consent agenda for further discussion. Hearing no requests, the resolutions were added to the consent agenda by general consent.

**AUDIT AND COMPLIANCE COMMITTEE**

Chair Riley then called on committee chair Trustee Donald Mason to provide the report of the Audit and Compliance Committee. Trustee Mason stated that the members of the Audit and Compliance Committee met with the university's leadership team via Zoom on June 23, 2023. He first reported that Senior Vice President Mark Polatajko had opened the meeting with a summary of the agenda and welcomed Matt Garvey, the audit partner with RSM. Dr. Polatajko acknowledged that this was the fourth year that the university had worked with RSM as our independent audit firm, he said. Trustee Mason presented that Mr. Garvey reviewed the Fiscal Year 2023 Audit Plan and required communications to the university and the Audit and Compliance Committee. He discussed the scope of the engagement, focus areas and county standards updates regarding GASB 96. A timetable was also presented outlining audit planning and risk assessment, interim audit work, final audit work, and reporting, stated Trustee Mason.

Trustee Mason reported that Director of Internal Audit Sarah Gampo provided the committee with a summary of the third quarter, FY23 internal audit plan as well as in-process, active, and completed activities. There were no unusual items to report, he noted.
Ms. Gampo also presented the proposed internal audit plan for Fiscal Year 2024. Details included FY24 audits continuing from FY23, consulting and advisory projects as well as the continuous auditing and follow-up on open audit recommendations. She said that the audit plans were developed using a risk-based approach and would be adjusted accordingly throughout the year, Trustee Mason further shared.

Finally, the committee also adjourned into executive session to discuss a consulting and advisory matter.

With that Trustee Mason concluded his report of the Audit and Compliance Committee.

Chair Riley thanked Trustee Mason for his report. He then acknowledged that Trustee Mason was doing double duty by also providing the report of the Finance and Administration Committee. Trustee Mason remarked that it was hard to cover the turf of such a fine man as former committee chair and trustee emeritus Stephen Perry.

**FINANCE AND ADMINISTRATION COMMITTEE**

Trustee Mason reported that the Finance and Administration Committee met electronically on June 21, 2023, and in person earlier that morning to discuss proposed action items for the Board’s consideration. The group recommended 14 management decisions for approval as part of the Board’s consent agenda, he said.

**EXPENDITURE AUTHORIZATION, FISCAL YEAR 2024**

Trustee Mason began by presenting the proposed expenditure authorization for Fiscal Year 2024, explaining that the State of Ohio biannual budget for Fiscal Years 2024 and 2025 was still in conference committee as of June 28. Passage of this resolution would enable the university to conduct business at the expenditure level approved by the Board for FY23. A final budget would be developed and submitted for the Board’s approval at its September 20, 2023, meeting, he noted.

**Resolution 2023-42**

(2) The President will submit an operating budget for action by the Board of Trustees when appropriate information is available and a complete operating budget reflecting direction and authority can be prepared. It is anticipated this action will occur at the next regularly scheduled Board business meeting in September.

APPROVAL OF VENDOR SELECTION FOR MEDICAL BENEFIT ADMINISTRATIVE SERVICES FOR EMPLOYEES AND DEPENDENTS

Trustee Mason next presented the request for approval of the selection of Medical Mutual of Ohio to provide medical benefit administrative services for university employees and dependents. Based on a competitive process, the firm was judged to provide the best overall value, he said.
Resolution 2023-43

APPROVAL OF VENDOR SELECTION FOR MICROSOFT 365 SOFTWARE SOLUTIONS AND SUPPORT

Trustee Mason presented the request for approval of the Microsoft Software Agreement and related services. Kent State University uses Microsoft 365 to support critical university operations such as email, calendaring, and virtual meetings. Through a formal bidding process, SHI was identified as the single contractor of choice through the current Inter-University Council of Ohio contract, he said. The requested three-year agreement would cost $2.94 million and be funded by the Division of Information Technology.
Resolution 2023-44

APPROVAL OF KENT STATE UNIVERSITY AIRPORT RUNWAY REHABILITATION AND RECONSTRUCTION PROJECT

Trustee Mason presented the request for approval of the Kent State University Airport runway rehabilitation and reconstruction project. The runway pavement must be rehabilitated to meet FAA design and safety standards, he said, with some areas requiring complete reconstruction. The project will utilize $4.6 million in FAA and State of Ohio ODOT grants and up to $578,147 in local improvement funds. Construction was slated to begin in August to minimize impact on the Aeronautics Flight program, he noted.
