Vice Chair Laux then turned over the microphone to President Diacon.

6. President’s Remarks

President Diacon thanked everyone for teaching, mentoring, and doing research during the pandemic. He specifically acknowledged Julie Volcheck who will be retiring. He also thanked three professors in Public Health for pandemic help, the Faculty Senate, the Kent State AAUP, and Associate Provost van Dulmen for their work. He then gave numbers relating to the pandemic. He said that there is a 17.5% positivity rating in Portage County with 127 new cases per day over the last seven days. Kent State numbers are up, but not at the level of Portage County or the state. Positivity at Kent is 2.93%. There were 77 positive cases last week at the university. 55 of these were students and 22 were employees. He noted that this was a doubling of October’s numbers and that there were currently 24 students in isolation. Concerning vaccinations, he mentioned that 85% of residence hall students are vaccinated in addition to 89% of full-time faculty. Regarding approved exemptions, there have been 205 (5% of staff and 6% of students).

He then invited comments or questions.

Senator Piccirillo-Smith mentioned that the mask mandate at basketball games was not being followed well, and this dissuades her from attending. She asked what could be done to address this.

President Diacon said that he has attended many events, but he will talk to the new athletic director and see what can be done.

Senator Mocioalca mentioned that many students have received the Johnson & Johnson vaccine and it has low efficacy. She asked whether other vaccines might be offered to students, and what the capacity for boosters was.

President Diacon turned the question over to Associate Provost van Dulmen.
Associate Provost van Dulmen said booster services are available at the DeWeese Health Center and that the university will continue to encourage boosters and full vaccination.

Senator Kaplan asked about the plan for non-vaccinated members of the KSU community.

President Diacon said that a texting/calling campaign has begun to contact every student without evidence or an exemption.

There were no further comments or questions.

   A motion was made and seconded to approve the change (Kooijman/Roxburgh).

   Senator Du asked whether any courses or other aspects of the program were changing.

   Chair Holm said there were not.

   There were no further comments or questions.

   The motion passed unanimously.

There was no discussion about considering the items as a slate, and it passed unanimously.

A motion was made and seconded to approve both items (Sheehan/Smith).

There was no discussion on either item.

The items were approved unanimously.

9. **New Business**

**Discussion Item: Draft Revisions to Policy 4-02.3 Administrative Policy and Procedure for Student Academic Complaints** as approved by the Professional Standards Committee (Chair of the Professional Standards Committee, Deborah Smith, Professor, Philosophy)

Senator Smith explained the proposal. There have been two complaint policies—one for Kent and one for regional campuses. A single policy would be optimal. The proposal going forward would be to delete the regional campus policy from the register and revise the Kent campus policy to reflect the regional campus needs. Revisions will focus on academic complaints rather than complaints covered by other university policies. The regional campus role of campus complaint advisor will be removed from the new policy if approved. Faculty members appointed to deal with complaints will make sure committees for complaints will consist of 3-5 faculty and 1-2 students (left to the discretion of individual campuses—this should be delineated in unit handbooks). Faculty members, in the proposed changes, will be appointed to the committee at the end of the Spring semester. She also highlighted housekeeping questions and concerns, which were provided in documents distributed before the meeting.

She then invited comments or questions.

Senator Guercio asked about the delegation of work to assistant deans. She said that even associate and assistant deans may not be able to devote the necessary amount of time to the question and that maybe they should be able to send it to another administrator.

Senator Smith said she will take the question to the PSC.

Senator Zhu brought up the structure of the complaint process on regional campuses and said that things are often resolved informally and that it would be good if there was still room for this. She also asked a question about who would have jurisdiction over certain complaints.

Senator Smith explained the proposed unified procedure for addressing complaints and said that the campus offering the class would be the campus where the jurisdiction would reside. She added that it is always suggested that students first start with communicating with their instructors before filing a student complaint. No mediation would be necessary if complaints were resolved at this stage.

Senator Zhu thanked her for her comments.
Senator Bagheri asked for some clarification about the number of faculty members required as well as the informal role that some faculty could play in the past toward mediating the situation and how CATS would work with this policy since it has no specific campus.

Senator Smith clarified the concerns about faculty members and said that she may need to work with making the language more specific when it applies to CATS; she suggested that PSC will need to look at how to reword the policy about jurisdiction since CATS is an academic unit.

Senator Sheehan asked about whether the committee had considered allocations of TT/NTE members on a committee.

Senator Smith said that would be up to individual academic units.

Senator Guercio asked again about the number of faculty and students on the complaint committees and said that she would like to see more students involved.

Senator Smith responded that at least one student perspective would be involved, and she added that another would be possible but would probably not be made a requirement if the committee reconsidered it.

Senator Guercio stated that she believed more student representation is important, so there will be more balance at complaint hearings.

Senator Smith replied that she will bring those concerns back to the PSC.

There were no further comments or questions.

10. Announcements / Statements for the Record

Vice President Rathje said that he and the provost have agreed that the budget and supervision of online proctoring will move from the Office of Continuing and Distance Education to Information Technology and will be under Executive Director James Raber’s direction.

11. Adjournment

Vice Chair Laux adjourned the meeting at 4:45 p.m.

Respectfully submitted by Edward Dauterich
Secretary, Faculty Senate

If the chairperson local administrator determines that modification is required, the parties shall be informed immediately by the chairperson local administrator.

2. Following an unsuccessful attempt at informal resolution, a written complaint must be submitted within fifteen (15) days after the occurrence of the event. If the event occurs at or after the end of a regular semester or during a summer session, a student will have up to fifteen (15) days from the start of the next semester to submit a complaint to the department local administrator. An exception to this rule is in effect if the student is scheduled to graduate and the event does not delay graduation. In such cases, the written complaint must be filed within thirty (30) days following the last day of finals week, if the event occurs during the regular semester, or within thirty (30) days following the last day of classes of the final summer session, if the event occurs during summer session.

3. The department chairperson local administrator must provide a copy of the complaint to the respondent and members of the student academic complaint committee within ten (10) days of receipt of the complaint.

4. 5. The student academic complaint committee is expected to conduct its review as expeditiously as possible. In no case, however, is the committee expected to conduct its review outside of the regular academic year (Fall and Spring semesters). The student academic complaint committee, through its chair, must forward a written recommendation to the department chairperson local administrator within fifteen (15) days of completion of its review.

6. The chairperson local administrator will normally provide a written decision within ten (10) days of receipt of the student academic complaint committee's recommendation.
67. If either party decides to appeal the chairperson/local administrator’s recommendations, the appeal must be submitted in writing to the appropriate dean/academic administrator at the next level of governance within fifteen (15) days of receipt of the departmental/academic unit or regional campus decision. A copy of the written appeal must also be sent to the other party and to the chairperson/local administrator of the departmental/academic unit or regional campus.

68. Unless extensive further review is required, the dean/academic administrator at the next level of governance shall normally provide a decision to the appellant within fifteen (15) days. A copy of the decision shall be sent to the other party and to the department chairperson/local administrator.

H. Records. The records and disposition of any complaint, including those appealed to the dean/academic administrator at the next level of governance, shall be maintained by the departmental/academic unit or regional campus in a separate student academic complaint file for a minimum of seven years.

H. Exceptions. It is recognized that, because of organizational structure, the nature of a complaint, or the possibility of persons normally involved in the process being subject to a complaint themselves, exceptions to these procedures may have to be made. In any such case, the matter should be brought to the attention of the office of the provost and vice president for enrollment management and student life for disposition in the case of complaints originating on the Kent campus, or the chief administrative officer for regional campuses in the case of complaints originating on a regional campus.

In the case of a college without departments or schools or a regional campus, and with the exception of the role identified for the local administrator in sub-sections E.2.g-h and in section F below, the dean may delegate the role of the local administrator to a college or campus administrator with faculty rank.

6. “Faculty advisory body” is defined as the Faculty Advisory Committee of a department or school, the College Advisory Committee of a college, or the Faculty Council of a regional campus.

7. "Student academic complaint" is defined as a formalized complaint regarding those aspects of the educational process involving student performance, evaluation, or grading in courses.

14. All references to "days" refer to weekdays during Fall and Spring semesters on which classes are conducted, excluding examination week.

D. Student academic complaint committee.

1. Each academic unit and regional campus shall establish a standing student academic complaint committee which shall be composed of three to five full-time faculty members from the academic unit or regional campus and one to two students. All members shall participate fully in committee deliberations and shall vote on the recommendation to be forwarded to the local administrator.

2. In all cases, faculty members of the student academic complaint committee will be selected by the faculty advisory body of the academic unit or regional campus at the end of the Spring semester for the next academic year.

3. At the beginning of each academic year the student academic complaint committee shall elect one of its full-time faculty members to serve as chairperson.

4. The student member(s) of the committee will be selected by the local administrator after consultation with the faculty advisory body and relevant student organizations. As applicable, one undergraduate major and one graduate student in good standing shall be appointed by the local administrator on or before September fifteenth of each year. The undergraduate student will sit on complaints about undergraduate courses, and the graduate student will sit on complaints about graduate courses.

5. If a member of the student academic complaint committee or a spouse, domestic partner, or relative of any member of the committee is named as a respondent or complainant, that member shall be excluded from deliberating or voting on that complaint. In such cases, the members of the student academic complaint committee, through its chairperson, may replace any member excluded by this provision.

6. Neither the local administrator nor any administrative delegate thereof is a member of the student academic complaint committee, nor does the local administrator or any administrative delegate thereof participate in its deliberations.

E. Complaint procedure.

1. Informal resolution.
a. The student is expected first to review the matter with the course instructor in an attempt to resolve the issue immediately.

b. If the matter is not resolved immediately, the student may discuss the matter with the local administrator of the academic unit or regional campus offering the course before lodging a formal complaint.

c. The student may also consult with the student ombuds.

2. Formal complaint.

a. If attempts at informal resolution are unsuccessful, the student may lodge a formal complaint by submitting said complaint, in writing, to the local administrator. (See section G below for time limits.) In the case where a complaint is lodged against the local administrator, the complaint will be submitted to the chair of the student academic complaint committee.

b. The written complaint submitted by the student should include the nature of the complaint, the facts and circumstances leading to the complaint, reasons in support of the complaint, and the remedy or remedies requested. The complaint statement submitted by the student becomes the basis for all further consideration of the matter. The written complaint should also note what attempts were made at informal resolution and should include any evidence pertinent to the issues identified.

c. Upon receipt of the complaint, the local administrator shall refer it to the student academic complaint committee for consideration. A copy will be made available to the respondent(s) who shall respond in writing to the complaint and include any information or documentation related to the response. A copy of the respondent’s written response shall be forwarded to the complainant.

d. If the committee determines that two or more complaints against an instructor are substantively the same, the committee may, with the concurrence of the complainants, choose to combine the complaints.

e. The conduct of matters brought before the student academic complaint committee shall be non-adversarial in nature. The committee shall examine and evaluate fully the written allegation and response, including any supporting documentation submitted by the complainant or respondent. The complainant and the respondent will be invited to appear before the committee. The committee may also invite testimony from any other persons who, in the judgment of the committee, may assist in its examination and evaluation of the complaint.

f. In each case brought before the committee, the student complainant may bring a non-attorney adviser (e.g., a parent, fellow student, another instructor) to observe, assist, and counsel. Such advisers shall not participate directly in the hearing.
After completion of its review and examination and following appropriate deliberation, the committee shall forward to the local administrator a written recommendation, which becomes part of the record.

Upon receipt of the written recommendation from the student academic complaint committee, the local administrator shall provide a written decision to the complainant and the respondent, with a copy going to the members of the committee and the academic administrator at the next level of governance. In arriving at a decision, the local administrator, besides reviewing the recommendations provided by the committee, may consult with the parties to the complaint or others who the local administrator believes may assist in the review of the matter. The written decision should contain a summary of the complaints and of the committee's recommendation, and the reason(s) for the decision rendered.

In the event that the decision requires a change in a student's academic record, and neither party appeals the decision of the academic unit or regional campus, it is the responsibility of the local administrator to initiate such a change, following established university procedures.

F. Appeal of academic unit or regional campus decision.

1. The complainant or respondent may appeal the decision made at the academic unit or regional campus level to the academic administrator at the next level of governance.

2. The appellant shall clearly state in writing the reasons why the academic unit or regional campus decision is being appealed. The appeal must be based on procedural reasons or substantive issues that were not properly dealt with in the original complaint. In no case will the appeal be a complete rehearing of the original complaint.

3. A copy of the appeal statement must be sent to the other party (complainant or respondent) and the local administrator of the academic unit or regional campus.

4. The review of any appeal by the academic administrator at the next level of governance will normally consist of the review of the written documents. At the discretion of the academic administrator at the next level of governance, the review may include interviewing the principal parties, discussing the matter with the local administrator and members of the student academic complaint committee, and/or consulting with any others deemed relevant to the review of the appeal.

5. Upon completion of the review, the academic administrator at the next level of governance will make the final decision.

G. Time limits.

1. The following time limits pertain to all parties. If conditions or causes exist requiring a modification of the time limits, it shall be the responsibility of the local administrator to assess such circumstances and causes and determine the nature or extent of any such
modification. If the local administrator determines that modification is required, the parties shall be informed immediately by the local administrator.

2. Following an unsuccessful attempt at informal resolution, a written complaint must be submitted within fifteen (15) days after the occurrence of the event. If the event occurs at or after the end of a regular semester or during a summer session, a student will have up to fifteen (15) days from the start of the next semester to submit a complaint to the local administrator. An exception to this rule is in effect if the student is scheduled to graduate and the event does not delay graduation. In such cases, the written complaint must be filed within thirty (30) days following the last day of finals week, if the event occurs during the regular semester, or within thirty (30) days following the last day of classes of the final summer session, if the event occurs during summer session.

3. The local administrator must provide a copy of the complaint to the respondent and members of the student academic complaint committee within ten (10) days of receipt of the complaint.

4. The respondent has ten (10) days from the date of receipt of the complaint, if the complaint was submitted during the fall or spring semesters, or ten (10) days from the start of the next semester, if the complaint was submitted during the summer or winter breaks, to provide a written response to the local administrator, with a copy to the complainant and to the members of the student academic complaint committee.

5. The student academic complaint committee is expected to conduct its review as expeditiously as possible. In no case, however, is the committee expected to conduct its review outside of the regular academic year (Fall and Spring semesters). The student academic complaint committee, through its chair, must forward a written recommendation to the local administrator within fifteen (15) days of completion of its review.

6. The local administrator will normally provide a written decision within ten (10) days of receipt of the student academic complaint committee's recommendation.

7. If either party decides to appeal the local administrator’s recommendations, the appeal must be submitted in writing to the appropriate academic administrator at the next level of governance within ten (10) days of receipt of the academic unit or regional campus decision. A copy of the written appeal must also be sent to the other party and to the local administrator of the academic unit or regional campus.

8. Unless extensive further review is required, the academic administrator at the next level of governance shall normally provide a decision to the appellant within fifteen (15) days. A copy of the decision shall be sent to the other party and to the local administrator.

H. Records. The records and disposition of any complaint, including those appealed to the academic administrator at the next level of governance, shall be maintained by the academic unit or regional campus in a student academic complaint file for a minimum of seven years.
I.Exceptions. It is recognized that, because of the nature of a complaint or the possibility of persons normally involved in the process being subject to a complaint themselves, exceptions to these procedures may have to be made. In any such case, the matter should be brought to the attention of the office of the provost in the case of complaints originating on the Kent campus, or the chief administrative officer for regional campuses in the case of complaints originating on a regional campus.

Minutes of the Meeting
November 17, 2021

Present: Pamela Grimm (Chair), Tracy Laux (Vice Chair), Ed Dauterich (Secretary), Darci Kracht (At-Large), Angela Guercio (Appointed), Denice Sheehan (Appointed), Tess Kail (Office Secretary)

1. Call to Order

Chair Grimm called the meeting to order at 3:06 p.m. in 227 Schwartz Center. Some members of the committee attended on Microsoft Teams.

2. Approval of Executive Committee Meeting Minutes of October 27, 2021

A motion was made and seconded to approve the minutes (Guercio/Sheehan). The minutes were approved unanimously as written.

3. Decisions on Committee Descriptions/Memberships

It was decided that in regard to the Faculty Senate Budget Advisory Committee (FaSBAC), deans listed on the committee membership should not include the dean of Podiatric Medicine, who functions more as a regional campus dean than an RCM dean. Faculty members from Podiatric Medicine will be included on the faculty list of recommended members. Faculty members from all colleges can have stipulated terms, but other members’ (students, chairs, administrators) length of term will be determined by the appointing body. Wording of the description will also be changed to show that alternates will be selected by the chair of the senate based on recommendations from the Committee on Committees (COC).

For the Faculty Ethics Committee (FEC), it was decided that the description needed to stipulate that only a tenured faculty member could serve as chair. It was also decided that the COC will consult with the NTT Provost Advisory Council (NPAC) and pass on names of eligible NTE faculty to the chair of senate for appointment.

4. Additions to the University Requirements Curriculum Committee (URCC) Core Committee

The URCC has asked senate for recommendations of more faculty to serve on the committee. The Executive Committee suggested possibilities for serving on the committee based on their surveyed interest in the URCC.
5. Updates from Senator Survey

Responses to the Fall Retreat survey are being compiled. The committee agreed to look over the results and discuss them at the next meeting.

6. Draft Agenda for the December 13, 2021 Faculty Senate Meeting

A tentative agenda will be drafted at one of the next two Executive Committee meetings.

Guests: Provost Melody Tankersley, Associate Provost Kevin West

1. Call to Order

Chair Grimm called the meeting to order at 3:10 p.m. in the Faculty Senate Conference Room located in the Schwartz Center, Room 227.

2. Discuss Topics for President Diacon and Provost Tankersley

The Executive Committee was notified that President Diacon would not be attending today. Additionally, Associate Provost Kevin West will be attending to discuss Ombuds.

Some topics to discuss include: (a) Consider, in consultation with student governance bodies, ways we can provide students with clear information regarding faculty expectations of students; (b) Discuss functioning of the Academic Calendar Subcommittee of EPC; and (c) Confirm that President Diacon will be making the remarks for the December 13 Faculty Senate meeting.

3. Approval of Minutes

No meeting minutes were approved at this meeting.

4. EPC Items from the November 15, 2021 Educational Policies Council Meeting

After some lengthy discussion and genuine concerns, the Executive Committee decided the following two items will be added to the agenda as action items for the December Faculty Senate meeting.

a. College of Arts & Sciences: Department of Geology – Renaming unit to the Department of Earth Sciences (fall 2022).  View

b. College of Education, Health & Human Services: School of Teaching, Learning and Curriculum Studies – Sport, Exercise and Performance Psychology –
Establish undergraduate major to be fully online and hybrid (fall 2022 pending final approvals). View

5. Meet with Provost Tankersley and Associate Provost Kevin West

The Executive Committee met with Provost Tankersley. Provost Tankersley brought Associate Provost Kevin West with her to speak on the topic of Ombuds. Other topics that were discussed included: remarks for the December Faculty Senate meeting; clear information regarding faculty expectations of students; food services; and the Academic Calendar Sub-Committee of EPC.

Remarks for the December Faculty Senate meeting – Although President Diacon is not attending today, Provost Tankersley was able to confirm that President Diacon will present his remarks at the December Faculty Senate meeting since she will be out of town during that time.

Clear Information Regarding Faculty Expectations of Students – The Executive Committee reminded Provost Tankersley that they want some action regarding ways to convey to all students exactly what faculty expectations are of them so that they have a full understanding. That would first require us to make sure that everyone does completely understand exactly what the faculty do expect from their students. Then perhaps, working with student governance bodies, we could locate any gaps between what faculty expect and what students think is reasonable.

Provost Tankersley questioned if this would be better coming from the Center for Teaching and Learning and Director, Jenny Marcinkiewicz. The Executive Committee agreed and Chair Grimm will email Jenny Marcinkiewicz to advise her of this discussion noting Provost Tankersley’s willingness to provide support for this endeavor. Additionally, the Executive Committee will ask Jenny to lead a group to put out a survey, a focus group, or perhaps a town hall meeting on the topic.

Food Services – The Executive Committee brought up the topic of Food Service. There are still issues with not having enough food choices, not having enough places open, and not having enough workers. Provost Tankersley mentioned that they try every other week at Job Fair to get students to come in. However, she will share our concerns with Senior Vice President, Lamar Hylton.

Ombuds – Associate Provost Kevin West spoke about the value of having an Ombuds, as being able to provide faculty with a safe place to address issues. We want someone who's able to work with faculty and the direct them, someone that can manage the process, but also have a really strong relationship with the AAUP. Questions to ask should be “How do you fund this position?” and “Who does this position report to?”

Further qualifications and issues were discussed by the Executive Committee and Associate Provost Kevin West and they agreed they would like to see a description of tasks to round out a full-time position. A job description reporting to the Faculty Affairs Office to show the advantages of having an Ombuds position and all that we are considering for this position.
It was discussed that we should start up some internal structure for feedback that we would want from Faculty Senate. This would have a direct reporting line to Kevin and up through the Provost Office. But I believe we would want to have feedback from the two unions as well, and perhaps input from the Chairs and Directors so it's in alignment with our goal, which is to increase the positive climate work environment of all of our faculty and all of our academic units, which would be our students, our administrators, and our staff. We believe then the next step is developing the proposal and presenting it.

**Academic Calendar Sub-Committee of the EPC** – Some issues with the Academic Calendar Sub-Committee of the EPC were also discussed and resolved.

6. **Discussion: Goals & Priorities for 21-22**

This item was postponed until the next Executive Committee meeting.

7. **Final Review of Changes to FSBAC and FEC Committee Descriptions**

The Executive Committee carefully deliberated over the changes needed in order to finalize the committee descriptions for both FSBAC and FEC at the upcoming Faculty Senate meeting in December.

In the process of putting the amendments in place and reviewing the approved documents from the November meeting, several issues were noted in each committee description. The Executive Committee worked diligently to address those issues and the following proposed changes are summarized below:

**Faculty Senate Budget Advisory Committee (FSBAC):**

a. Correct the number of RCM Colleges (9, not 10).

b. Reconcile a conflict in the designation of terms by leaving the decision of term length up to the appointing body.

c. Clarifying the mechanism for selection of alternates.

d. Minor grammatical corrections.

**Faculty Ethics Committee (FEC):**

a. The proposal inadvertently and unintentionally eliminated the two at-large tenured faculty positions elected by the Senate. Those have been restored and the committee size has been increased to 13.

b. After discussion among the Faculty Senate Executive Committee, the use of “at-large” for the non-tenure eligible faculty was deemed inaccurate and confusing. That term has been dropped as a descriptor for non-tenure eligible faculty representatives.

c. No mechanism for appointing the non-tenure eligible faculty members had been included in the document (how did we miss that????). The proposal here is that the Committee on Committees and the Non-Tenure Track Provost Advisory
Council nominate members and those members be appointed by the Chair of the Faculty Senate.

d. Given that non-tenure eligible faculty cannot serve on the committee for any cases involving tenure track faculty, the chair of the committee must be a tenured faculty member.

e. Some minor editing and reorganization of language for further clarification.

The above summarized list will be incorporated into the committee descriptions via tracked changes and forwarded to the Faculty Senate for final approval at the December Faculty Senate meeting.

8. Finalize Agenda for December 13, 2021 Faculty Senate meeting

The Executive Committee discussed the items that should be on the agenda for the December Faculty Senate meeting. The minutes from the November Faculty Senate meeting are not yet ready for review, so the Executive Committee decided to approve them via email. The two EPC items noted above will be added to the agenda. Committee description updates for both FSBAC and FEC will also be added to the agenda as old business to clean up and finalize document approved at the November Faculty Senate meeting. The Executive Committee also intend to include a special Announcements/Statements for the Record regarding the organization of proctoring responsibilities. Pam will email John Rathje and Melody Tankersley to confirm that.

9. Committee Memberships for FSBAC, FEC, PSC, and ULAC

The Executive Committee discussed the various committees that would be affected by their respective committee description changes. Membership for FSBAC will go into effect immediately. Reviewing membership changes for FEC, PSC, and ULAC is evidently not necessary at this time and can wait until the Spring.

The Executive Committee reviewed and finalized a letter to send to the current FSBAC members that would be affected by, and removed from, the committee due to the changes in the FSBAC committee description.

1. Call to Order

Chair Grimm called the meeting to order at 2:00 p.m. on Microsoft Teams.

2. (2:30) Meet with President Diacon

The Executive Committee discussed the current state of the pandemic with President Diacon. The university will still be opening for in-person classes with safety protocols in place. The university has a testing capacity of around 6,000 people per week. Kent State will also continue to follow CDC guidelines. There is also a movement to try to reinforce the importance of wearing masks at athletic events.

The Executive Committee also asked President Diacon about a problem with some necessary communications from the university coming out later than normal this year. Communications that needed to be updated between Christmas and New Year’s Day were not updated.

President Diacon said that they did not want to send out communications on reopening too early. A communication will be sent to students, faculty, and staff on Monday, January 10th.

President Diacon added that our persistence rate is down 3.6% from last year.

He also added that we started an academy in Brazil a couple of years ago, and enrollment is improving in the program.

He finished by adding that regional enrollments are down again.
