| Job Description: | The City of Ashtabula Water Pollution Control Department is Hiring an Operator  
Operates treatment plant equipment under the general direction of the Assistant Superintendent to maintain proper degree of treatment. Regularly inspects plant equipment and processes for normal operation. Analyzes instrument readings and laboratory test results to maintain process performance. Determines site and causes of any malfunctions and takes appropriate corrective measure. Makes required operational adjustments. Takes necessary readings and maintains logs and operating records. Communicates with other operators and supervisors regarding plant conditions. Extracts samples for routine laboratory tests and analysis and adjusts chemical feeds for special operating conditions. Notifies appropriate personnel of needed repairs and may assist in making repairs. Performs routine maintenance functions and custodial duties. Performs other tasks as assigned.  
Swing Shift; Wed – Sunday - (with other shifts possible) $20.49 per hour. |
| Desired Skills: | • Minimum high school graduate or equivalent plus 1-year experience in treatment plant operation. Chemistry, science and mechanical subjects highly desirable.  
• State of Ohio Waste Water Class I Operator’s Certification required.  
• Knowledge of wastewater processes and equipment involved in wastewater treatment.  
• Ability to direct and evaluate plant operation.  
• Ability to react promptly and efficiently to emergencies.  
• Ability to maintain and evaluate records.  
• Ability to perform basic maintenance functions |
