2. Multi Age (gr. P-12) $n=92$
(e.g., Physical Education, Health, Foreign Languages)
3. Early Childhood (gr. P-3) $n=90$
4. Intervention Specialist (gr. K-12) $n=70$
5. Middle Childhood (gr. 4-9) $n=60$

Program Highlights

Master of Arts in Teaching

Our Master of Arts in Teaching program has increased the breadth and depth of its partnerships with local public schools. For example, our teacher candidates complete summer projects with STEM camps at Maple Heights City Schools, as well as with the Bio-Med Science Academy (which is the only Ohio STEM-designated school set at a medical college).

These experiences provide our Master's-level teacher candidates with the opportunity to begin their professional presence on day one of their educator preparation program, ultimately ensuring that they will be well prepared for a wide range of teaching opportunities.

Early Childhood Education

“ I feel that Kent State's Early Childhood program has prepared me to teach any student. The multicultural and inclusive practices modeled by KSU faculty have taught me how to support the needs of all children.

– **Graduating Senior, Early Childhood, 2017**

“ The Early Childhood Education program at Kent State has shaped me into a reflective educator with a desire to always learn and grow.

– **Graduating Senior, Early Childhood, 2017**

“ My professors in the Early Childhood department inspired a love for teaching and thoughtful practice that has not only strengthened my approaches in the classroom, but also my desire to always grow.

– **Graduating Senior, Early Childhood, 2017**
