2022 - 2023 Student Health Insurance Plan for Kent State University

Who is eligible to enroll?

All domestic undergraduate students who are enrolled with six (6) or more credit hours and domestic graduate students who are taking three (3) or more credit hours are eligible to enroll in this insurance plan. International students are automatically enrolled in this insurance plan at registration, unless a student meets criteria to request a waiver and comparable coverage is furnished.

If the plan includes Dependent coverage, then eligible students who do enroll may also insure their Dependents.

When the policy includes Dependent coverage, eligible Dependents include:

1. The Insured Person's legal spouse.
2. The Insured Person’s Domestic Partner, if Domestic Partner is included as a “Class of Person to be Insured” as specified in the Policyholder Application.
3. Dependent children up to age 26.
4. Disabled children beyond age 26 if the child is:
   a. Incapable of self-sustaining employment by reason of intellectual disability or physical handicap.
   b. Chiefly dependent upon the Insured Person for support and maintenance.
5. Children for whom the parent is required by court or administrative order to provide coverage.

The student (Named Insured, as defined in the Certificate) must actively attend classes for at least the first 31 days after the date for which coverage is purchased. Home study, correspondence, and online courses do not fulfill the eligibility requirements that the student actively attend classes. The Company maintains its right to investigate eligibility or student status and attendance records to verify that the Policy eligibility requirements have been met. If and whenever the Company discovers that the Policy eligibility requirements have not been met, its only obligation is refund of premium.

When the Policy includes Dependent coverage, the eligibility date for Dependents of the Named Insured shall be determined in accordance with the following:

1. If a Named Insured has Dependents on the date he or she is eligible for insurance.
2. If a Named Insured acquires a Dependent after the Effective Date, such Dependent becomes eligible:
   a. On the date the Named Insured acquires a legal spouse or a Domestic Partner who meets the specific requirements set forth in the Definitions section of the Certificate.
   b. On the date the Named Insured acquires a dependent child who is within the limits of a dependent child set forth in the Definitions section of the Certificate.

Dependent eligibility expires concurrently with that of the Named Insured.

Coverage availability is guaranteed for all individuals who meet the eligibility requirements specified above.

HealthiestYou physicians are an independent network of doctors who advise, diagnose, and prescribe at their own discretion. HealthiestYou physicians provide cross coverage and operate subject to state regulations. Physicians in the independent network do not prescribe DEA controlled substances, non-therapeutic drugs and certain other drugs which may be harmful because of their potential for abuse. HealthiestYou does not guarantee that a prescription will be written. Services may vary by state.

*Available to Insured students and their covered Dependents; age restrictions may apply. If you call prior to the effective date of your coverage under the insurance plan, you will be charged a service fee before being connected to a board-certified physician.
