

40031 Basic Nonparametric Statistics (3)

Knowledge

Should learn Rank tests for different kinds of hypothesis, large sample theory.

Comprehension

To learn tests of Kolmogorov-Smirnov type.

Application

The main and most important application is to solve many different problems related to the subject.

Analysis

N/A

Synthesis

Should develop combinatorial and analytic skills to solve problems in statistics.

Evaluation

Should complete homeworks, pass midterm tests and a final exam.

Class Activities

To solve problems in class and discuss theorems.

Out of class Activities

To submit homework assignments.
