

ALEKS Chemistry Placement Assessment

If you plan to take General Chemistry I (CHEM 10060) in the fall, you are **required** to take the online ALEKS Chemistry placement assessment.

- Take the online ALEKS Chemistry assessment the week of **Wednesday, July 13th through Tuesday, July 19th, 2016.**
- To take the assessment, login to Flashline > Student Tools & Courses > Placement Assessments
- The assessment takes about an hour to complete. There is no time limit to take the initial assessment.
- To be eligible to take CHEM 10060, you will need to obtain a 100% mastery of the material in the ALEKS Chemistry assessment. You will need to complete all topics and use the learning modules available online through ALEKS Chemistry over the summer to improve your mastery as needed.
- You will periodically be reassessed (each time 20 topics are learned) until you obtain 100% Mastery of the 96 core topics. You do **not** need to take the final assessment that will be offered to you once you have obtained 100% mastery.
- Only students who attain 100% mastery after the initial placement assessment or who reach 100% mastery through the use of the learning modules by **11:59 p.m. on Tuesday, August 23rd** will be permitted to remain registered in CHEM 10060.
- To ensure that you obtain 100% mastery by the deadline, you may need to invest time throughout the summer to master the topics. **Take the assessment as early as possible!**
- If you need to brush up a bit, please take advantage of our online resources at <http://libguides.ashtabula.kent.edu/ALEKSChem> or come to campus and meet with a live tutor...check out our tutoring schedule at <http://libguides.ashtabula.kent.edu/friendly.php?s=TutoringCenter>.
