Application for Silver Recognition Award

(Design & Implement)

The purpose of the Silver Award is to recognize instructors who implement and reflect on the results of their project (identified in the previously submitted Bronze Award).

Consultation throughout the process can be helpful; whether to discuss design/plan details, to evaluate results, or make sense of peer feedback. You are encouraged to debrief with someone from CTL or OCDE after implementation, evaluation and review of peer feedback.

Project Title: _____   Date: _____

Section 1: Applicant Information

Last Name: _____   First Name:_____

Position: _____   College: _____

Department/School: _____   Campus: _____

Email Address: _____ @kent.edu

Section 2: Implementation Details

Documenting what you observed and what information you obtained from students helps provide a more complete picture of the results of your project.

Course Name: _____   Course Number: _____

Type of class (e.g., Lecture, Lab): _____

Class size: _____   Delivery Method: _____

Description of student demographics and other pertinent information:

What did you observe after implementing your plan (*i.e. personal observations, changes in student attitude, learning and behavior*)**?**

What feedback did you receive from students on your project (*e.g. student comments, SSIs, informal survey, discussion…*)**?**

Section 4: Peer Feedback

It is useful to gain insight from peers experienced in teaching. They can offer different perspectives and insights based on their experience. You may ask peers to observe a specific class session, review course material or provide feedback on some other aspect of your project. If you would like assistance in identifying a peer who could provide substantive feedback, please contact CTL or OCDE. *Note – Please share, with your peer, the purpose or goal of the feedback upon contact.*

Peer Name: _____   **Email Address:** _____ **@kent.edu**

Department/Office: _____

What was the specific purpose of your peer's feedback (*i.e. what materials, sessions, activities etc.):*

What feedback did they provide regarding the project?

Section 5: Reflections

Taking into account your experience, your students experience and your peer's feedback…

What was successful?

What were some challenges you encountered?

What ideas do you have for the future?

Note: Consider debriefing with CTL or OCDE as you review your results.
