\* "Registered Design Professional includes any architect holding a certificate issued under section 4703.10 of the Revised Code, any landscape architect holding a certificate issued under section 4703.36 of the Revised Code, or any engineer holding a certificate issued under section 4733.14 of the Revised Code." (Ohio Building Code section 4101:1-2-01 Definitions)

Submit the requested number of *Statements of Qualifications* (Form F110-330) directly to Megan Dawson via <u>https://bidexpress.com</u>. See Section J of this RFQ for additional submittal instructions.

Submit all questions regarding this RFQ in writing to Megan Dawson at mdawso13@kent.edu with the project number included in the subject line (no phone calls please). Questions will be answered and posted via <a href="https://bidexpress.com">https://bidexpress.com</a> on a regular basis until one week before the response deadline. The name of the party submitting a question will not be included on the Q&A document.

Interested parties may attend a pre-proposal meeting at Tuesday July 15, 2025 10:30am in Room 102 Harbourt Hall, 615 Loop Road, Kent, Ohio 44242.

## **Project Overview**

## A. Project Description

Kent State University at Ashtabula Campus was founded in 1958 and is part of the Kent State University's 8 campus system which sits on over 80 acres overlooking Lake Erie. It offers state of the art learning across its four building footprint including that of Main Hall, built in 1965.

Main Hall is home to most of the educational programs and classes offered at Kent State Ashtabula. The 109,000 square foot building is heavily utilized and consists of the "A wing" student services, the "B wing" Auditorium and Gymnasium and the "C wing" classroom spaces. It has undergone transformational capital improvements throughout the past decade through several phases including the enhancement of student focused spaces and learning environments.

This project focuses on the creation of an office suite within the footprint of repurposed underutilized classrooms for student focused success programs in the final phase of renovations in Main Hall C Wing. The renovation will include HVAC and electrical renovations as needed to support the new usage of the space.

## B. Scope of Services

The Program of Requirements for the Main Hall C Wing renovations has been developed by the Office of the University Architect. The project will commence with Schematic Design.

The selected A/E, as a portion of its required Scope of Services and prior to submitting its proposals, will discuss and clarify with the Owner and/or the Contracting Authority, the cost breakdown of the A/E Agreement detailed cost components to address the Owner's project requirements. Participate in the Encouraging Diversity, Growth & Equity (EDGE) Program as required by statute and the Agreement.

As required by the Agreement, and as properly authorized, provide the following categories of services: Program Verification, Schematic Design, Design Development, Construction Document Preparation, Bid and Award Support, Conformed Documents, Construction Administration, Post-Construction, and Additional Services of all types.

Refer to the *Ohio Facilities Construction Manual* for additional information about the type and extent of services required for each. A copy of the standard Agreement can be obtained at the OFCC website at <a href="https://ofcc.ohio.gov">https://ofcc.ohio.gov</a>.

During the construction period, provide not less than <u>4</u> hours (excluding travel time) on-site construction administration services each week, including (1) attendance at progress meetings, (2) a written field report of each site visit, (3) on-site representation comprised of the A/E and its consultant staff involved in the primary design of the project, all having relevant and appropriate types of construction administration experience.

Please list all major scope services needed to complete the selection process for successful project delivery. The specific scope of services must state particular building types, functional design or specialized professional services required to evaluate the level of experience of each applicant firm (e.g. parking garage, kitchen design, correctional facility, medical facility). The scope of services should also define the types of basic and additional professional design and administration services necessary for the project (e.g. LEED credentials and experience, previous experience with local jurisdiction or similar sites, previous experience working with the State of Ohio, Building Information Modeling ("BIM") experience and training, specific BIM and Owner-defined requirements, level of development to be achieved within BIM models, BIM deliverables, and Owner's intended use of BIM models after construction). This information will be used by each applicant to populate the Relevant Project Experience Matrix in Section F of Form F110-330.

For purposes of completing the Relevant Project Experience Matrix in Section F of the *Statement of Qualifications* (Form F110-330), below is a list of relevant scope of work requirements for this RFQ:

- 1. Experience with Interior Renovations in Higher Education
- 2. Experience with Construction in Occupied Classroom Building
- 3. Experience with Phased Renovation Projects
- 4. Experience using the OAKS Capital Improvement Management System

## C. Estimated Budget / Funding

| State Funding:      | \$900,000  |
|---------------------|------------|
| Other Funding:      | <u>\$0</u> |
| Construction Cost:  | \$675,000  |
| Total Project Cost: | \$900,000  |

#### D. Anticipated Schedule

F. EDGE Participation Goal

H. Additional Service Providers Required

| Professional Services Start:        | 10 / 25 |
|-------------------------------------|---------|
| Construction Notice to Proceed:     | 04 / 26 |
| Substantial Completion of all Work: | 08 / 26 |
| Professional Services Completed:    | 10 / 26 |
|                                     |         |

5.0%

## E. Estimated Basic Fee Range (see note below) 8% to 9%

## Percent of initial Total A/E Fee:

NOTE: **Basic Services** include: (1) Program Verification, (2) Schematic Design, (3) Design Development, (4) Construction Documents, (5) Bidding and Award OR GMP Proposal and Amendment (as applicable), (6) Construction Administration, and (7) Closeout services. The **Basic Fee** includes all registered design professional services and consultant services necessary for proper completion of the Basic Services, including validation of existing conditions (but not subsurface or hidden conditions) and preparation of cost estimates and design schedules for the project. The **Estimated Basic Fee Range** is calculated as a percentage of the **Estimated Budget for Construction Cost** above, including the Owner's contingency. **The Basic Fee excludes any Additional Services required for the project.**

|                      |                                     |                     |
|                      |                                     |                     |
|                      |                                     |                     |
|                      |                                     |                     |
|                      |                                     |                     |
|                      |                                     |                     |

NOTE: The lead A/E shall be (1) any architect holding a certificate issued under section 4703.10 of the Revised Code, (2) any landscape architect holding a certificate issued under section 4703.36 of the Revised Code, or (3) any engineer holding a certificate issued under section 4733.14 of the Revised Code.

## I. Evaluation Criteria for Selection

- Demonstrated ability to meet Owner's programmed project vision, scope, budget, and schedule on previous projects.
- Previous experience compatible with the proposed project (e.g., type, size).
- Relevant past work of prospective firm's proposed consultants.
- Past performance of prospective firm and its proposed consultants.
- Qualifications and experience of individuals directly involved with the project.
- Proposer's previous experience (numbers of projects, sizes of projects) when working with its proposed consultants.
- Specification writing credentials and experience.
- Experience and capabilities of creating or using Critical Path Method (CPM) schedules and of using CPM schedules as a project management resource.
- Approach to and success of using partnering and Alternative Dispute Resolution.
- Proximity of prospective firms to the project site.
- Proposer's apparent resources and capacity to meet the needs of this project.
- The selected A/E and all its consultants must have the capability to use the Internet within their normal business location(s) during normal business hours.

Interested A/E firms are required to address how they will implement Building Information Modeling ("BIM") on the project, experience and level of training of staff related to BIM, incorporation of team partners that have previous BIM experience, and an understanding of collaborative BIM processes, including but not limited to the *State of Ohio BIM Protocol* available at the OFCC website at <a href="https://ofcc.ohio.gov">https://ofcc.ohio.gov</a>.

Interested A/E firms are required to submit the *Commitment to Participate in the EDGE Business Assistance Program* form in its Statement of Qualifications (Form F110-330) submitted in response to the RFQ, to indicate its intent to contract with and use EDGE-certified Business Enterprise(s), as a part of the A/E's team. The *Intent to Contract and to Perform* and / or waiver request letter and *Demonstration of Good Faith Effort* form(s) with complete documentation must be attached to the A/E's Technical Proposal. Both forms can be accessed via the OFCC website at <a href="https://ofcc.ohio.gov">https://ofcc.ohio.gov</a>. The *Intent to Contract and to Perform* form is again required at the Fee Proposal stage.

## If the A/E firm intends to receive points for exceeding the EDGE Participation Goal, it must provide BOTH a completed *Commitment to Participate* form AND a completed *Statement of Intent to Contract and to Perform* forms signed by both parties with its *Statement of Qualifications*.

For all *Statements of Qualifications*, please identify the EDGE-certified Business Enterprises, by name, which will participate in the delivery of the proposed professional services solicited in the RFQ.

Interested A/E firms must indicate on their *Statement of Qualifications*, the locations where their services will be performed in the spaces provided or by attachment in accordance with the requirements of Executive Order 2019-12D related to providing services only within the United States and the requirements of Executive Order 2022-02D prohibiting purchases from or investment in any Russian institution or company. Failure to do so may cause their *Statement of Qualifications* to be rejected.

## J. Submittal Instructions

Firms are required to submit the current version of *Statement of Qualifications* (Form F110-330) available via the OFCC website at <u>https://ofcc.ohio.gov</u>.

Electronic submittals should be combined into <u>one</u> PDF file named with the project number listed on the RFQ and your firm's name. Use the "print" feature of Adobe Acrobat or similar software for creating a PDF rather than using a scanner. If possible, please reduce the file size of the PDF. In Acrobat, go to Advanced, then PDF Optimizer. Provide the electronic submittal via https://bidexpress.com.

## Emailed pdfs of the Statement of Qualifications will not be accepted.

Facsimile copies of the Statement of Qualifications will not be accepted.

## Facsimile copies of the Statement of Qualifications will not be accepted.

Firms are requested to identify professional registrations, memberships and credentials including: LEED GA, LEED AP, LEED AP+, CCCA, CCM, CCS, CDT, CPE, DBIA, and any other appropriate design and construction industry credentials. Identify that information on the resume page for individual in Block 22, Section E of the F110-330 form.
