

College of
Architecture and
Environmental Design

Master of Landscape Architecture (MLA)

PUBLIC INFORMATION POLICY

The mission of the Landscape Architecture program is:

“to educate and prepare students to have active and creative professions in landscape architecture through inclusive and interdisciplinary design methodologies and community engagement”.

– October 2, 2017.

CORE BELIEFS

The Landscape Architecture program is to engage the unique features of regional landscapes to serve as the educational platform for academic inquiry and research, while also providing students with comprehensive experiences, knowledge of design, ethical standards, and the technical skills necessary for professional licensure.
