

Do you enjoy working outside and the sound of airplanes flying overhead? If so, we have the job for you!

Mckinley Air, Inc. is currently seeking a full-time Aviation Line Service Technician at the Akron/Canton Airport, North Canton Ohio. In this role you will deliver Aviation ground support services to aircraft and customers. You will be responsible for aircraft fueling, baggage/cargo handling, aircraft towing, aircraft parking, lavatory/potable water service and other services.

Responsibilities:

Direct arriving aircraft to parking locations and greet passengers and flight crew.

Assist arriving and departing flight crews and passengers with their service needs.

Provide aircraft services safely and efficiently using various ground service equipment.

Adhere to and perform all required quality control standards and procedures.

Keep all work areas including ramp spaces, hangars, offices, and parking lots clean and orderly.

Receive fuel deliveries according to all safety policies and procedures.

Tow aircraft and provide wing walking services as needed.

Other duties as assigned.

Requirements:

Must be at least 18 years of age.

A High School diploma or a GED.

A valid state driver's license.

Ability to proficiently read, write and speak English.

The ability to comprehend and perform basic math calculations.

Must pass pre-employment drug screen.

The ability to pass a criminal background check and meet background requirements of the company, Transportation Security Administration, airport authority and other governing agencies.

Pay: Starting at \$13.00 and up depending on experience.

Benefits:

Health, Dental, and Vision Insurance

Paid Time Off

Time and a half on Holidays

Job Type: Full-time
