

NURSING HOME ADMINISTRATION GRADUATE CERTIFICATE

The Nursing Home Administration program at Kent State University focuses on preparing students to become executives in the field of long-term services and supports. Upon completion of the program, graduates will be eligible to apply for the national exam offered through the National Association of Long Term Care Administrator Boards and the state exam offered by the Ohio Board of Executives of Long-term Services and Supports (BELTSS). Graduates of the program perform well on both exams due to the interdisciplinary coursework and high quality practicum sites offered in KSU's program.
