Timeline

All faculty members currently using Blackboard Vista (vista8.kent.edu) must begin using Blackboard Learn (learn.kent.edu) for courses being taught in Fall 2012. Blackboard Vista *will not be available* for active teaching beginning in Fall 2012.

Migrating Course Content to Learn

1. **By request only**, we will migrate any content you have developed in Vista to Learn. Please submit one course migration form for each of the courses you would like to migrate: www.kent.edu/blackboard/faculty/course-migration.cfm

🕒 *The deadline for requesting migration of courses being taught in Fall 2012 is August 15, 2012.*

TIPS

- » To avoid the start of fall semester rush, please do not wait until the start of fall semester to request course migration. We highly recommend that you request content migration as soon as possible (migration may take 3-4 business days).
- » Provide as much detail as possible in the course migration form. We recommend logging in to Vista and copy/pasting the required information (Course Name/Number, Section Number and Semester Taught) to ensure accuracy.

2. If you do not need any content migrated and would like to build your course from scratch, contact your department scheduler (see list at www.kent.edu/blackboard) and request that they set up the Blackboard Learn course “shells” in Banner.

Training and Support Resources

Open Lab Sessions (No need to register): After your courses have been migrated from Vista to Learn, we're here to help you get started in the new system. You can bring your

updated course materials (such as a syllabus or presentation) with you on a flash drive.

**VISIT: Stewart Hall Room 103 (Kent Campus)
1550 Johnston Drive, Kent OH**
