Nick, good morning.

Thank you for your time and effort in presenting Kent State University with your proposal in response to our Request for Proposal no. 1703, Roof Inspection, Minor Repairs and Reporting; and a Roof Assets Management Plan, for the Office of the University Architect. After reviewing the proposals and discussing the available budget for the contract, we have selected **Building Management Consultants** as the best value and look forward to developing a contract for you to provide service to our roofing assets. At this time, we would like to accept the Part One portion of the proposal, with the general maintenance and reporting structure as outlined in the Request for Proposal. A Kent State University Representative from the office of the University Architect will be in contact with your company to discuss the contract.

Thank you, and congratulations!
