SUBJECT: Addendum to Request for Proposal no. 1886

ADDENDUM TO REQUEST FOR PROPOSAL NO. 1886
(ELECTRICAL SERVICE CONTRACT GROUP 1 REGIONAL AND OTHER)

This addendum serves to document the following:

1) Submission deadline extension:

The deadline for submissions has been extended by one (1) week to Friday, December 16, 2023, 4:30 PM Eastern. All other instructions for submission remain unchanged. Please see “RFP 1886 Vendor Q&A”, posted on the Procurement Department website, www.kent.edu/procurement/bids to review an updated Project Timeline.

2) Definition of Green Power:

Green Power Certificates (RECs)

Green Power certificates (RECs) are unique certificates that represent all of the environmental attributes or benefits of a specific quantity of Green Power generation. RECs are created when a Green Power facility generates electricity. The terms Renewable Energy Credits, Tradable Renewable Certificates, Green Power or Green Tags, are equivalent terms.

The Contractor shall deliver national wind or national Solar RECs equal to five (5), ten (10) and twenty-five (25) percent of Green Power for the specified pricing event in the Auction Schedule. The REC content requirements are in addition to any renewable power required to comply with the Ohio Renewable Portfolio Standards (RPS) requirements, if any, during the term of any resultant contract(s). The Green Power that the Contractor provides must come from national wind or solar resources that have been placed in service within ten (10) years prior to the start of the start year of the contract. Additional specifications for the RECs are:
