

RESIDENCY *PLACEMENT*

The mission of Kent State University College of Podiatric Medicine is to educate students who will represent a diverse and inclusive group of leaders in the field of podiatric medicine and surgery, be life-long learners, excel in residency, and provide compassionate care to a diverse population of patients.

Upon successful completion of four years of graduate professional education, podiatric medical graduates participate in post-graduate education and training opportunities: PMSR (Podiatric Medicine and Surgery Residency) and PMSR/RRA (Podiatric Medicine and Surgery Residency with the added credential in reconstructive rearfoot/ankle surgery).

PGY3

Residency programs expose the podiatric medical graduate to structured learning environments and experiences in general medical patient management along with training in the diagnosis and care of podiatric pathology. Similar to other medical specialties, this training process occurs in teaching hospitals or academic health centers throughout the country. Some Doctors of Podiatric Medicine may elect to continue their training in a concentrated specialty through a Fellowship.

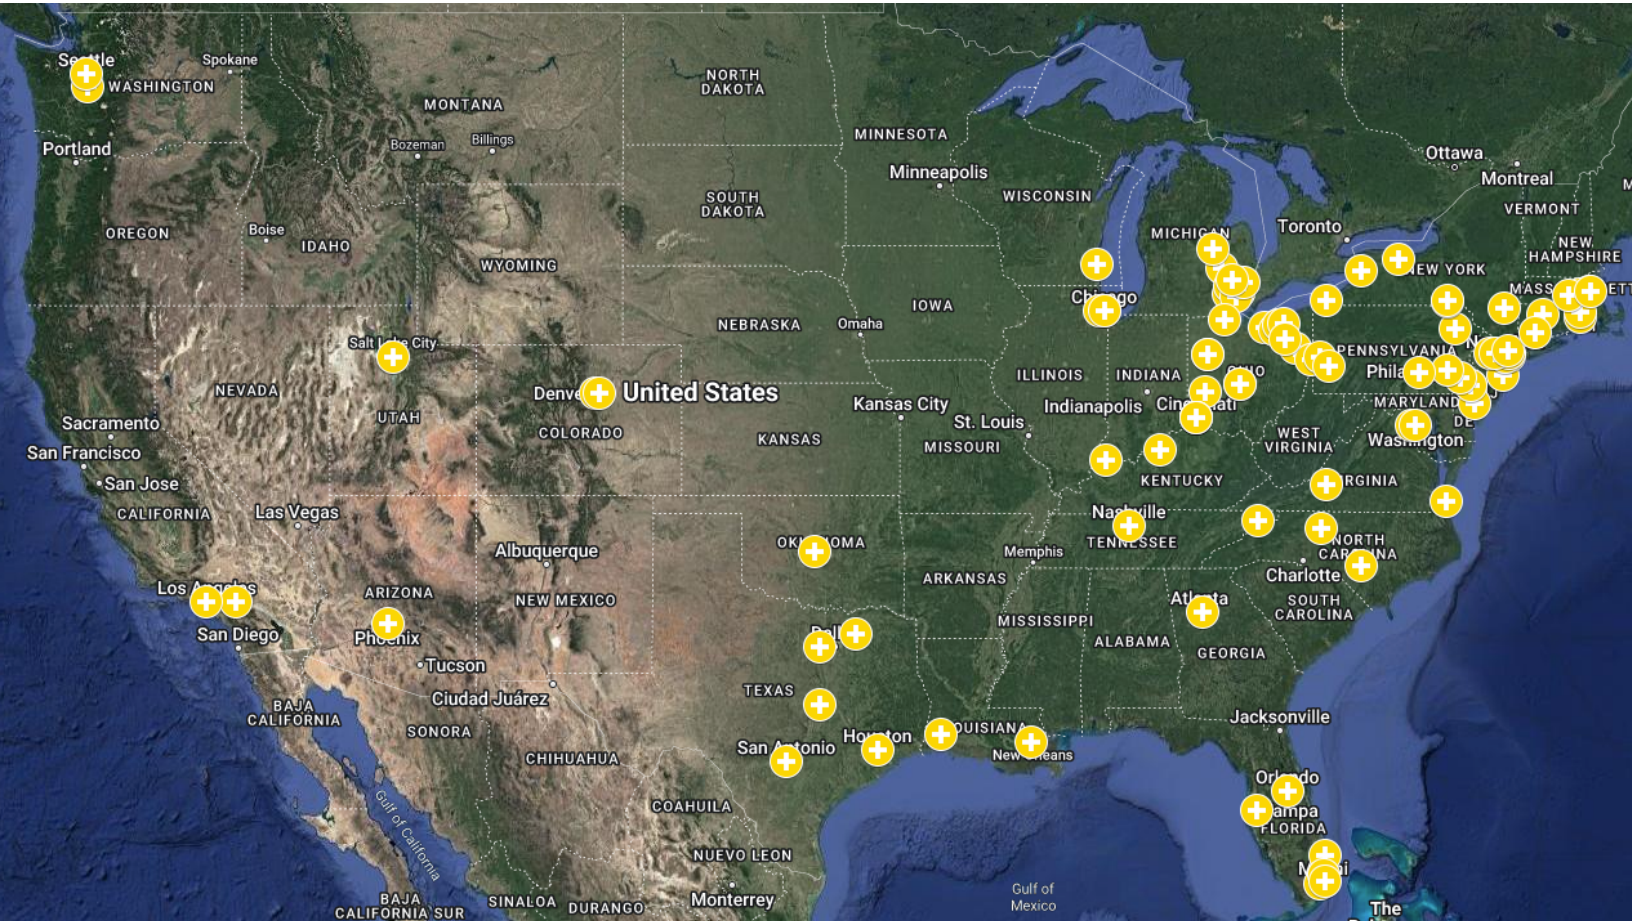

The Council on Podiatric Medical Education (CPME) approves residency programs in Podiatric Medicine and Surgery Residency with or without the added credential in Reconstructive Rearfoot/Ankle Surgery (PMSR and PMSR/RRA).

Podiatric Medicine and Surgery Residency (PMSR) – A PMSR resident is trained in the breadth of podiatric healthcare. Completion of the residency leads to the following certification pathways — the American Board of Podiatric Medicine (ABPM) and foot surgery of the American Board of Foot and Ankle Surgery (ABFAS). Podiatric Medicine and Surgery Residency with a credential in Reconstructive Rearfoot/Ankle Surgery (PMSR/RRA).

In addition to the standard Podiatric Medicine and Surgery Residency, the added credential in **Reconstructive Rearfoot/Ankle Surgery (PMSR/RRA)** is available with some residencies. These residencies can provide a sufficient volume and diversity in reconstructive rearfoot and ankle procedures and are approved to grant an added credential in RRA. Completion of a Podiatric Medicine and Surgery Residency with the added credential leads to the RRA certification pathway of ABFAS.

The map and chart below represent the residency placements for the Class of 2021, 2022, and 2023.

PROGRAM	CITY/STATE
Creighton University	Phoenix, AZ
DVA-Jerry L. Pettis Memorial Veterans Affairs Medical Center	Loma Linda, CA
University of California, Los Angeles	Los Angeles, CA
Saint Francis Hospital and Medical Center	Hartford, CT
Yale-New Haven Hospital	New Haven, CT
DVA-Eastern Colorado Health Care System	Aurora, CO
Denver Health and Hospital Authority	Denver, CO
MedStar Health-Washington Hospital Center	Washington, DC
JFK Medical Center	Atlantis, FL
Aventura Hospital and Medical Center	Aventura, FL

PROGRAM	CITY/STATE
Memorial Healthcare System	Hollywood, FL
Mount Sinai Medical Center	Miami Beach, FL
Keralty Hospital	Miami, FL
DVA-Orlando VA Medical Center	Orlando, FL
Larkin Community Hospital	South Miami, FL
DVA-James A. Haley Veterans' Hospital	Tampa, FL
Humboldt Park Health	Chicago, IL
Weiss Memorial Hospital	Chicago, IL
Rush University Medical Center	Oak Park, IL
