SENIOR SALES MANAGER

Dover Chemical Corporation, is a leading producer of specialty chemicals including alkyphenols, chlorinated paraffins, polymer additives, liquid and solid antioxidants (including organophosphites), flame retardants, additives for water-based and oil-based metalworking fluids and drilling fluid additives. We provide chemical specialty products, specifically chemical additives, to our customers around the world who make products that are useful in everyday life. Our products help to improve a wide variety of materials, including fuels, metalworking materials, and polymers for use in industrial and household applications.

Dover Chemical (DCC) is a subsidiary of ICC Industries Inc., headquartered in New York City, a leader for over 50 years in the international and domestic trading, manufacture, and marketing of chemicals, plastics, and pharmaceuticals. Dover Chemical is proud to have earned ISO9001:2015 certification. We join other members and partners of the American Chemistry Council in our dedication to the principles of Responsible Care®, including product stewardship, community awareness, emergency response, pollution prevention, process safety, distribution, and employee health & safety.
