LITERACY
AND YOUR CHILD'S COGNITIVE DEVELOPMENT

Keeping your child’s brain active during isolation can be easy and fun! Children and adults can enjoy these activities together while sharing experiences and making memories.

Read
Read anything from cereal boxes, candy wrappers, comic strips, maps, and of course, books! Play word games like Boggle or Scrabble.

Talk
Ask questions, ask for more information, ask for an opinion, discuss ideas, put on puppet shows, tell stories, sing or tell jokes.

Write
Write stories, poems, lists, and letters. Draw, paint and chalk with at-home art supplies. Observe and record the world around you.
