

A person wearing large black headphones is looking intently at a laptop screen. Their hands are clasped together in a thoughtful pose. The background is blurred, suggesting an indoor setting like a home office or library.

What is this online learning thing?!

TOOLS FOR ONLINE LEARNING

Workshop Video Goals

1. Get organized and stay focused

2. Study and learn

3. Know your resources

Step 1.
Get organized and
stay focused

Get organized

- Find your study space(s)
- Check your Blackboard course sites regularly
- Review your course syllabi
- Note deadlines and exam dates
- Choose your “in class” time (for asynchronous courses)
- Reward yourself

Stay Focused

- Ensure your study space is working
- Use Flora or Pocket Points for accountability and fun rewards
- Set goals for each study period

Take Action: Step 1

1. Open each of your Blackboard courses
2. Find and open the syllabus for each course
3. Save and/or print a copy of each
4. Enter all exam dates/due dates into your planner
5. Watch the Time Management video
6. Download Flora, Pocket Points or a similar app

Step 2. Study and Learn

Study and Learn

- *Take notes and read
- *Engage in each class
- *Create study tools
- *Study with others
- *Test yourself
- *Study the material regularly

Take Action: Step 2

1. Read your syllabi
2. Note how each professor will deliver content
3. Review how each textbook is organized
4. Determine how you will study with others
5. Watch the Study Tools video

Step 3.
Know your
support resources

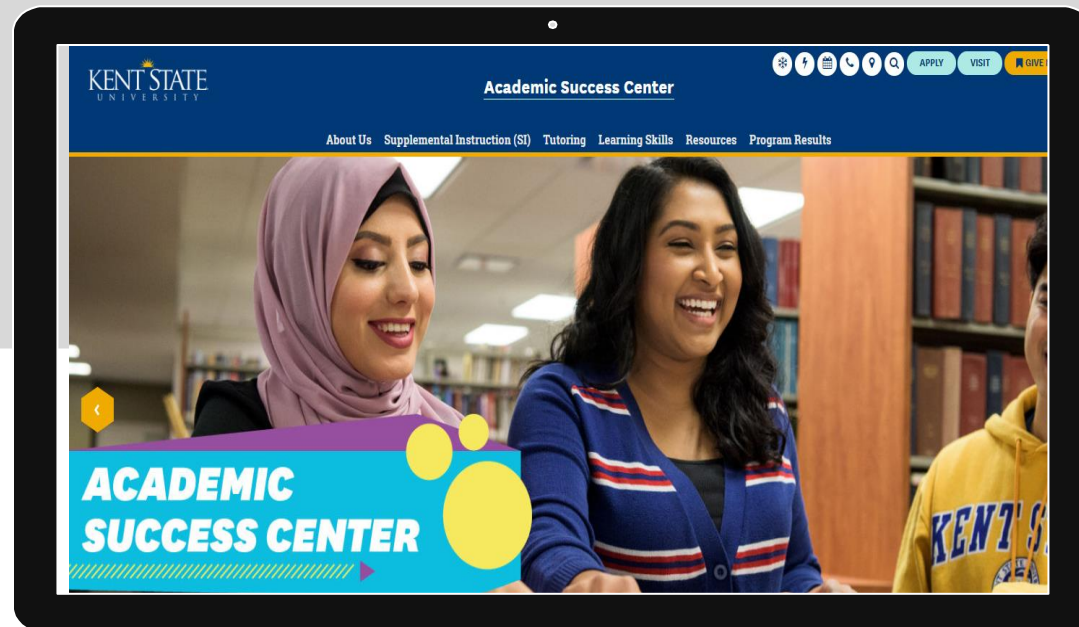

Resources

*Your faculty

*Keep on learning
site

*ASC

Academic Success Center

www.kent.edu/asc

More Resources:

- Academic Coaching
- Scheduled Tutoring
- Drop-In Tutoring
- eTutoring
- Supplemental Instruction (SI)

Take Action: Step 3

1. Go to the Academic Success Center website (kent.edu/asc)
2. Log into the Academic Success Plan
3. Select academic support resources for this semester
4. Schedule any needed appointments
5. Review syllabi to find your faculty's office hours
