## Position Duties

1, **Open forum:** my goal for open forum is the glitter box for people to write how they feel or maybe spill the tea. Questions can be geared to who is invited to the open forum. My goal is two three open forums with different or the same departments and also hold it to a vote on who we invite

2, **Open House Fall-Spring:** the open house will have a lot of tricky but fun ice breakers that would leave everyone laughing and happy. I wish to have these both semesters at the beginning and in spring have a DSR open forum for anyone that wants to learn about the position.

3, **KIC annuals events:** I would look at the history of every event and the numbers to find out how to get the largest turnout record in history. In addition, I will maintain this goal but keep everyone updated. Also, bring a new and fresh flavor to the events.

4, **SJA committee:** I love social justice and cultural relations because they go hand in hand. By having, every month focused on a specific culture. In addition, to kick off the month I would like to have cultural with creative minutes for the first week of that culture. Lastly have the hall council SJA have culture talk about the culture with their Hall residents.

## Goals

- ❖ Glitter box
  - Much like the comment box the glitter comes with a cool and hip phrase.
- ❖ Enrich KIC
  - I would like to enrich KIC with other organizations on campus to give are residents the best experience.
- ❖ Cultural Enrichment
  - I wish to make sure are residents leave next year enrich with knowledge of different cultures and art of place they never knew.
- ❖ Social awareness
  - Social awareness makes a safe campus and a safe living community. Having awareness meeting with hall councils about current issues happening on and off are campus would help the community be safer. In addition, we could discuss what to do to make are campus the best campus.
- ❖ Meet with the halls
  - I would make it my goal to come to as many Hall council meeting as I can in both semesters to interact with residents.

**Personal benefits,** I love to meet with random people and get to know them. By having this position, it would allow me to do my dream, which is to make people happy. Making people happy has always been a strong goal of mine, which is why I am so funny. I love to see people smile and laugh.

**How KIC would benefit,** KIC would benefit because I tell the truth. I get the answer that the students need. In addition, let us face it every time I open my mouth people are on the edge of their seats. I am a visual artist and bring a strong creative feel and nature to things. Finally, I bring being trustworthy and laughter to all.

**Why being involve is important,** Getting involved on campus is the best way to serve are campus. How can I help the social needs if I am not going out to see what needs to be changed on our campus and residence halls.

**Leadership style,** My leadership style is very open. I love hearing ideas that are different or that could help mines. I see my leadership style, as I am the captain of the ship I make sure the ship runs and is clean while keep towards its goal. However, I will do so with haste cover for any position that I can do. Because I feel a captain should be able to do any position on the ship.

Thank you for Reviewing
