**The Bhutan Canada Foundation** is currently recruiting qualified teachers to fulfill minimum one-year contracts offered by the Ministry of Education in Bhutan. **Contracts begin January 2015.**

**Job description:** This is a unique opportunity for qualified teachers to work in the Himalayan country of Bhutan; a country ruled by happiness, where culture and tradition are closely guarded, Buddhist values prevail and the majestic peaks of the Himalayas are part of every landscape.

Teachers are welcomed to public school faculties in small towns and villages in rural Bhutan, where they carry a full teaching schedule. This once-in-a-lifetime opportunity allows teachers to gain international experience, expand their career horizons, explore a new and fascinating culture, and make a true difference in the lives of their students and the communities in which they live.

This is an incredible opportunity to live and work in one of the most remote and untouched nations in the world as Bhutan and the Ministry of Education move towards an exciting and innovative transformation to a more interactive, thoughtful and participatory system of education.
